

Ideas to turn "oh dear"s into "no problem"s

No.1

Notes for Life at Home

As our living environment has been drastically upended by COVID-19, how can we all stay well?

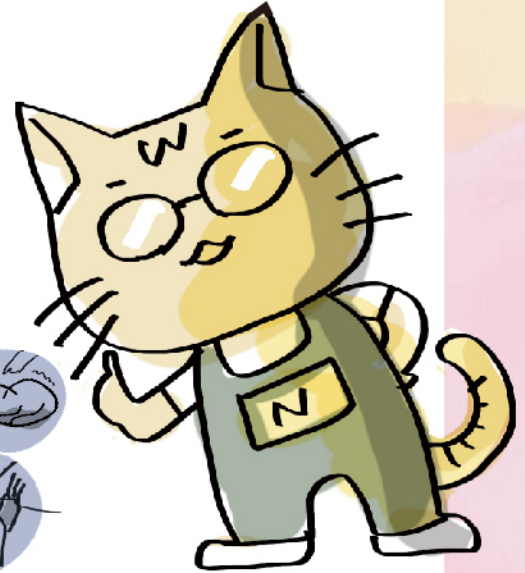

These notes bring you ideas to support children in various environments with the help from "Mr. Kitty."

Who in the world is Mr. Kitty?

My name is Kitty.

Feel free to call me "Mr. Kitty."

Every day since birth,
I have survived many dangers.

When I was ready to call it quits,
a stranger reached out to help me.
That made me into someone who
wants to stick around a little more
when I see someone in need.

I'm just a cat--not a grown-up or a kid.
But I get what kids might be feeling.

I have my special ways
with my kendama toy.
My favorite saying is:
"no problem,
we've got this."

I look forward to sharing
different ideas with you.
Thanks!
